Appendix D

Erratum in Nagano and Kira (1978) used in this study.

We note erratum in the following reference for the readers who are interested in Minamata, one of the Japanese sites used in the present study.

Nagano, M., and T. Kira. 1978. Aboveground biomass. Pages 69−82 *in* T. Kira, Y. Ono, and T. Hosokawa, editors. JIBP synthesis Vol. 18 Biological production in a warm−temperate evergreen oak forest of Japan. University of Tokyo Press, Tokyo.

There was an error in equation (6). The corrected equation is

$$w_L = 0.0289 \left(\frac{1}{D_{0.1}} - 0.00897 \right)^{-1.55} .$$

Fig. 2.1−8 contained an error. The label of the vertical axis is "Leaf area per tree [m^2]". The labels of tick marks of the vertical axis should start from 10^{-1} and end at 10^3.

There was an error in equation (7). The corrected equation is

$$u = 11.81 w_L{}^{0.879} \ [m^2, \ kg] .$$

The values in the cells of table 2.1−1 were incorrect. The correct table is as follows:

		1968	1969	1970	1971	1972	1973	Mean
Small trees								
P1	Wood total	4.87	4.79	4.88	4.93	4.98	4.67	4.85
